

## *A sequence of Rock Kestrel photos* by *William McIntosh*.

William captured this set of photos at Sunningdale, Cape Town in March 2013.

*photograph by William McIntosh.*

*The Rock Kestrel with something in its claws.*

*photograph by William McIntosh.*

*It was struggling to carry it, as the body weight compared to its own was sizable.*

*photograph by William McIntosh.*

*Having a rest. It is a large rat. Possibly a Brown or House Rat.*
